

Just a Second

Adopt a Reservist

Employment, Creativity, and
a Place to Return To

For nearly three years, reserve duty has shaped daily life for young Israelis — studies interrupted, jobs hard to hold onto, and every plan made with an asterisk, since the next call-up could come at any moment.

At Just a Second, we've made employing reservists a core part of what we do.

Just a Second is an environmental and social enterprise that rescues furniture and materials from apartments about to be demolished, giving them new life instead of letting them go to waste. Reservists between rounds of service do the deconstruction and upcycling work — flexible, hands-on, and meaningful. We call it **healing by doing**.

Every item we restore is sold in our gallery-shop, with profits going toward mental health support for combat soldiers and veterans.

More and more reservists want to join us. Our only constraint is funding.

That's why we created "Adopt a Reservist."

You can fund one workday—or several.

100%

of every donation goes
directly toward employing
reservists.

The more we raise, the more workdays we can offer—and the more reservists we can welcome with a resounding "yes."

TO DONATE

Scan the code, or give online

pay.grow.link/MTI4NTk~ebc231302183bc6fb9c76929dc7919dc-Mzk5NTUxMA

Give a day of work. Give someone a place to return to.

Donations are recognized for tax purposes in Israel, entitling individuals to a 35% tax credit under Section 46. With our heartfelt thanks — the Just a Second team.
